

STOP THAT SHIP

STAR WARS MINIATURES SCENARIO

At the height of the rebellion against the Empire, Rebel forces were under constant threat of being discovered and caught by Imperial forces.

On the planet Tatooine, a group of Rebel Operatives have been discovered by Imperial Forces, so far the rebels have alluded capture and have made their way to Docking Bay 73 to escape on their awaiting ship, however, as the Rebels arrive at the docking bay, so do the Imperials and they plan a stopping the rebel scum from escaping off planet.

Mission:

The Rebels must get to their ship to escape off planet and the Imperials must stop them at any cost.

Objectives:

1. The Rebels must get 50% or more of their starting force in the ship with no Imperials onboard the ship.
2. The Imperials have to kill over 50% of the Rebel force and also to stop the ship from taking off.

Squads:

Rebel – 100pts

Imperial – 110pts

Setup:

Rebel (Blue) – In the storage area and the med bay.

Imperial (Red) – In the main entrance of the docking bay.

Special Rules:

Sabotage the Ship: an Imperial character in the cockpit of the ship with no enemy characters adjacent to them, may spend its next two turns sabotaging the ship to stop it from taking off, whilst wrecking the ship the character must activate as normal each turn but is not allowed to do any other actions, if the character does perform an action whilst sabotaging the ship then the character sabotage attempt is instantly cancelled and character may start again next turn or another character may start to sabotage the ship on their activation.

Repair the Ship: if the ship has been sabotaged by an Imperial character, then a Rebel character may attempt to repair the ship by spending two turns repairing the ship in the same way as sabotaging the ship.

Victory Conditions:

The Rebel ship cannot take off if there is any Imperials onboard the ship.

The Imperials will stop the ship taking off by having at least one surviving character onboard the ship.

The ramps of the ship do not count as being onboard the ship.
